Pre - Tender Conference

Invitation to Private Sector Entities for Conceptualizing, Organizing and Managing of Pimpri Chinchwad Start - Up Hackathon

Pimpri Chinchwad Municipal Corporation proposes to Conceptualize, Organize and Manage a Pimpri Chinchwad Start - Up Hackathon in the city of Pimpri Chinchwad. As one of the well-planned cities, the city of Pimpri Chinchwad is undertaking several initiatives to make the city livable. The Pimpri Chinchwad Start - Up Hackathon is trying to bring about best startups across the Nation to come and work out of Pimpri Chinchwad City. To achieve the same objective and to initiate this venture, PCMC wants to conduct a StartUp Hackathon. Hackathon is a StartUp event which gives a platform to budding startup in order to present their innovative ideas in front of jury members that may include industry veterans, venture capitalists and bureaucrats while posing for a funding opportunity.

Pimpri Chinchwad City, as per the PCMC Strategy for the year 2019 – 2030, intends to build a strong eco-system for nurturing innovation and Startups in the city that will drive sustainable economic growth and generate large scale employment opportunities.

Key Features for the Pimpri Chinchwad Start - Up Hackathon Service

- To showcase various innovations from across the country and selectively from the startup nation, in sectors of relevance and priority to PCMC
- To create a conducive environment to nurture an entrepreneurial mindset amongst the people of PCMC
- To position PCMC amongst startups as a progressive and forward-thinking municipality that is keen on bringing in best innovations to the municipality thereby attracting startups to eventually (after more startup initiatives) to setup their offices in PCMC
- To bring in different thinking philosophy from the nation's best startup nation to help solve PCMC's problems with a different approach
- To create a primary platform for PCMC to merge with the global community and engage them effectively to craft solutions for local problems
- To align with the launch plan of ICEs and can also use this to award winners and participants with space at the Incubation Center
- To attract talent from other regions and neighboring cities
- To conceptualize, organize and manage the entire event in the Pimpri Chinchwad area
- To strategize and plan funding and sponsorship opportunities for the successful implementation of the event
- To build and steer the tech team to create skill-based assessments and invite candidates
- To involve the tech team in screening of candidates, video interviews, webinars for information and FAQs until the final round of Hackathon
- To ensure seamless availability of Judges & Mentors, marketing and promotion, guests, panelists and an end-to-end execution of the event including commemorative gifts for the awardees in form of awards and/or certificates

Key Suggestions:

Workable comments and suggestions on the Key Features for this Pre – Tender Conference that could overall improve the quality/effectiveness of this project shall be considered by PCMC at its own discretion.
