Shri. N,V,Kulkarni.

Ms.Anjali Halge - Mashal (NGO)

Mr. M.G. Kulkarni, M/s. C.V. Kand Consultants Pvt.Ltd. (Project Management Consultants)

Dr. Nagkumar welcomed all and explained the purpose of the public consultation and appealed to all citizens to express their views about proposed road development of Nashik phata - Wakad and Kalewadi phata- Dehu Alandi BRTS corridor.

All citizens were given unanimous consent and agreed upon the proposal for construction of these BRTS corridors.

However the citizens expressed their concern about the expected losses and stated their views:-

- a) Full justice should be given to rehabilitation of project affected person (PAP).
- b) To make some alteration by changing existing reservations,
- c) Rehabilitation of PAP should be within the limits of PCMC,
- d) To change the direction of BRT instead of taking U turn of BRT at Kalewadi. It should be straight so that very less number of families will be affected.

The Municipal Commissioner has expressed his views by stating, the project will be implemented only after considering the demand of project affected person (PAP).
